

Join the Ford Men of Courage Cincinnati Barbershop Challenge!

Launched in 2015, Ford Motor Company's Men of Courage (MOC) is a national grassroots program designed to build communities by advancing the narrative of black men through storytelling. The Ford Men of Courage Cincinnati Barbershop Challenge invites all state certified barbershop owners ages 18 and up to submit an application to be a part of the barbershop challenge.

Two Cincinnati barbershops will be selected as challenge finalists and will compete for a grant of \$10,000. An additional \$5,000 grant may be available to implement an innovative community project.
